

TITLE

Code Teens

LEARNLY LAND

COMPANY

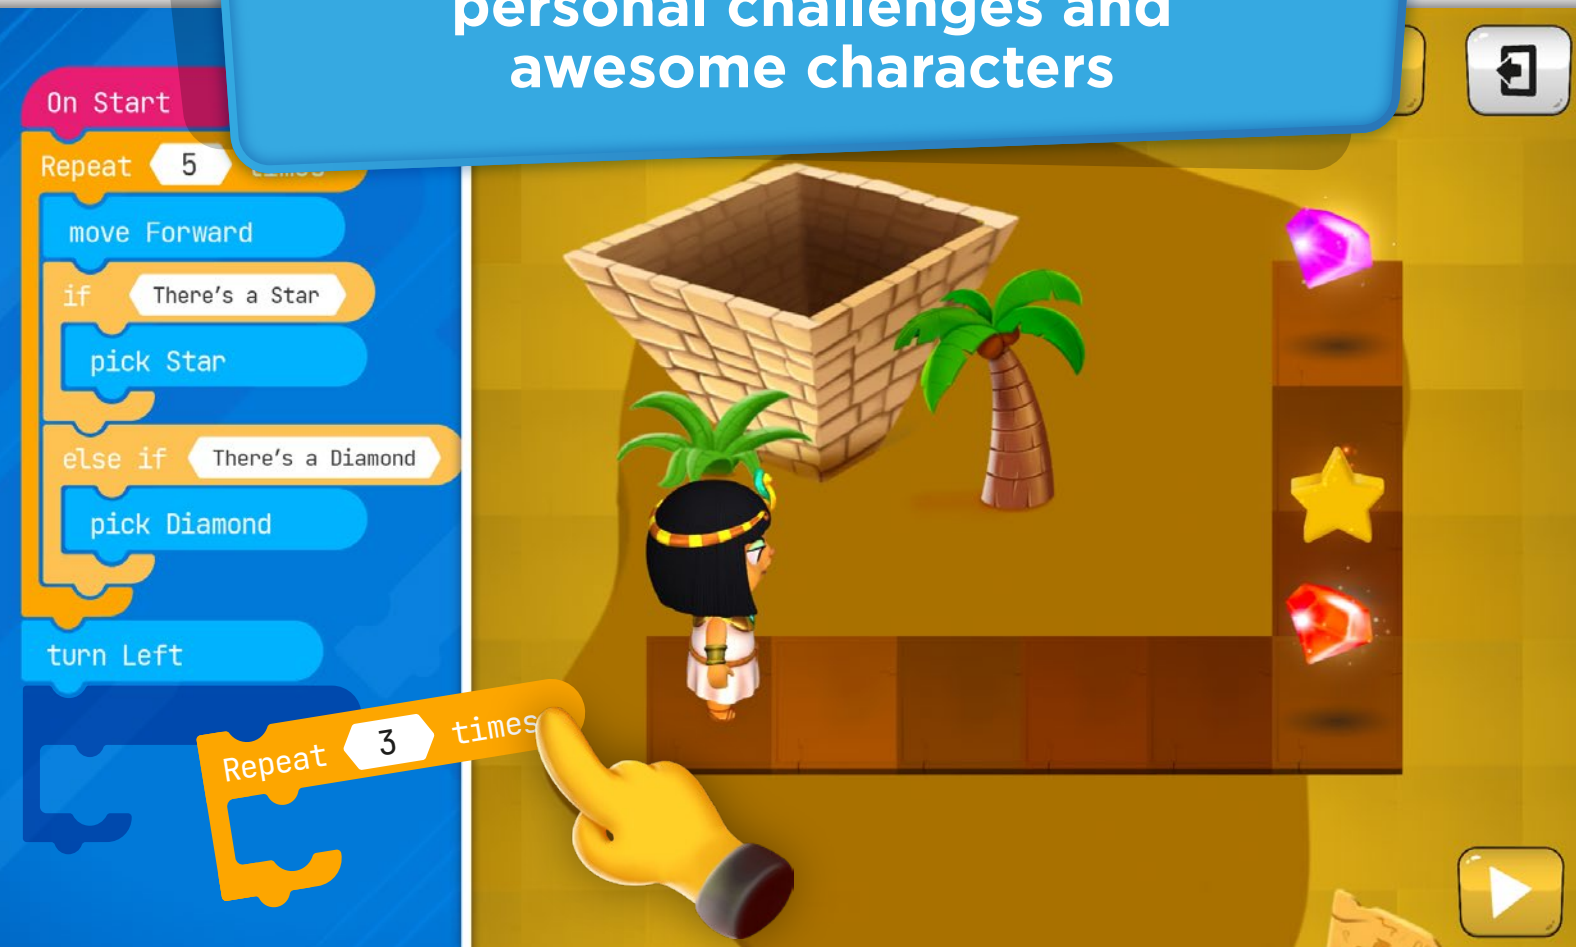

Learnly Land

LAUNCH DATE

August 1, 2024

Learn to code with fun games,
personal challenges and
awesome characters

DESCRIPTION

Code Teens is a cutting-edge app that provides young people with a fun and interactive way to learn how to code. Code Teens allows users to play, create and share games through a system of code blocks that makes it easier to understand the basics of coding.

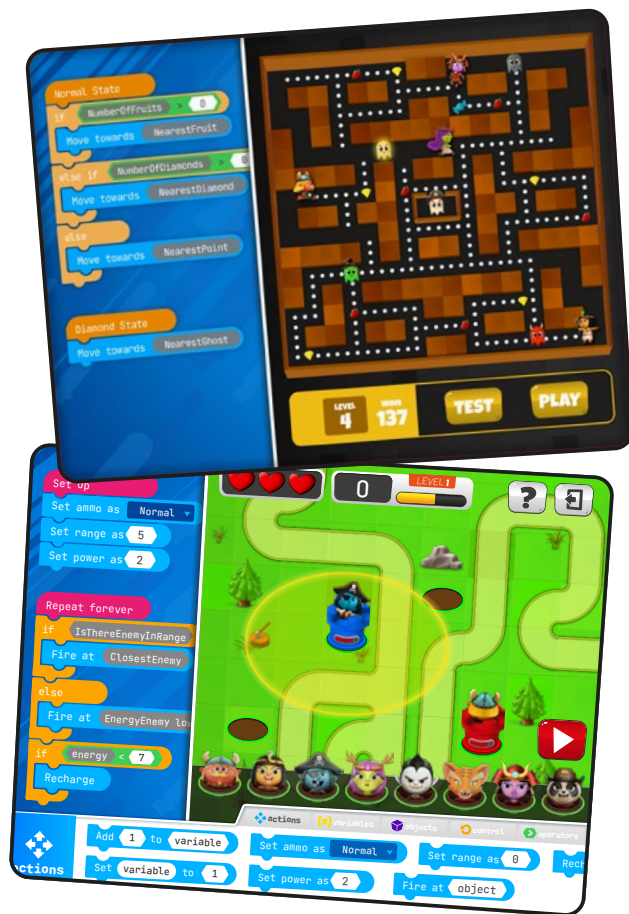

The app also features a variety of multiplayer games and personal challenges to play and learn about coding. Conquer all the challenges and collect all the characters!

KEY FEATURES

- **Intuitive interface:** The visual and easy-to-use design allows young people to easily learn how to code.
- **Code blocks:** Drag and drop code blocks to create projects, encouraging logical understanding and creativity.
- **Step-by-step tutorials:** Access a wide variety of tutorials that guide users through fun and educational projects.
- **Active community:** Share your projects with a global community of young coders, discover the creations of other users, and get inspired by new ideas.
- **Cross-platform compatibility:** Develop your projects on any device, whether it's a computer, a tablet, or a cell phone.
- **Play and compete in multiplayer leagues.**
- **Games and personal challenges** to beat your own best scores.
- **Create and share your own games.**

Join up to the coding revolution with Code Teens and unleash your creative potential in the world of technology!

Kristen

WHY CHOOSE CODE TEENS?

Fun learning

Coding becomes a fun and motivating activity, fostering young people's interest in technology.

Skills development

Enhances problem-solving skills, critical thinking, and creativity.

Code Land + Code Teens

Code Land for the youngest members of the household and Code Teens from the age of eight upwards.
